

LATER FROM EUROPE.

The Canadian mail Monday morning, with news from Liverpool to the 5th inst. The news is four days later than that received by the Persia, but presents nothing of particular importance.

The breadstuffs and provision markets were steady.

Serious risings among the serfs of Russia were reported by letter, and the military were obliged to restore order.

Details of the telegraphic Indian news add little to previous accounts. The English army had been redistributed, with a view to future operations. Nana Sahib had been reinforced and proposed an attack on the English.

Additional Foreign News, New York, May 18. Steamer Austria, from Antwerp and Southampton, 4th inst. has arrived.

By the steamship Austria we have London papers of 4th inst.

The shipping of the Atlantic Telegraph cable was progressing favorably. Up to May 1 all had been coiled on board the two ships excepting about 500 miles, which was hourly expected to arrive.

The Paris Univers has another bitter article on England. It says:—Let us renounce this alliance with perfidious, insolent England,—this alliance which has been cordial and which never can be relied on. An isolated position would be even more satisfactory—a rupture would be preferable.

At the annual communication of the Grand Lodge of Masons, for the State of Maine, held in Portland on Tuesday, the following were elected officers for the ensuing year:—Hiram Chase of Portland, Grand Master; J. H. Drummond of Waterville, Deputy Grand Master; Gustavus F. Sargent, of Bangor, Secy. for Grand Wardens; S. B. Duckham of Warren for Grand Wardens; Moss Dodge of Portland, Grand Treasurer; Ira W. Papers in the South express the opinion that much less damage is likely to result to the crops from the recent frosts there than was at first anticipated.

The city of New Orleans was in great danger of being overwhelmed on the 3d inst. The river broke through the levee in a number of places, and flooded the streets in the vicinity of the levee, but the levee was finally repaired.

It is said that great numbers of the Polish exiles are availing themselves of the czar's amnesty and returning to their unfortunate country.

A post office has been established at North Bangor. Porter Wiley has been appointed postmaster.

We understand that the CUR GUARDS will appear out this afternoon, numbering fifty guns. They will be escorted by the Rockland Band.

Consumption, Bronchitis and Asthma.

Misapprehension Corrected.

The success which has attended the special treatment of consumption of the Throat, Lung, and Chest, by ROBERT HUNTER, of New York, whose practical writings on the Respiratory Organs, and the rational system of Inhalation have been so recently published, leads many persons to apply for "Inhalation," as if "Inhalation" consisted of some particular contrivance.

Such a misapprehension is calculated grossly to mislead the public; and Dr. Hunter therefore feels it to be his duty to himself and to the practice of Inhalation, with which his name and reputation are identified to state, again, that "Inhalation," as advocated by Dr. Hunter, is a SYSTEM of TREATMENT based on a correct knowledge of the condition of patient, and cannot therefore be a subject for Agencies.

All persons desiring to consult or come under treatment, must apply personally or by letter to him or his associate, Dr. H. MELVILLE, where the full information regarding the treatment will be given, either to patients themselves or to physicians consulting with him.

Those who are desirous of consulting may address either Dr. HUNTER, N. D., or Dr. HUNTER & MELVILLE, 825 Broadway, New York.

FRYE'S PILLS.

QUESTIONS AND ANSWERS.

Ques.—Is it not a little strange that

Everybody uses FRYE'S PILLS?

Ans.—When their power to eradicate disease is daily considered in connection with their cheapness and efficiency, it is not so wonderful that PEOPLE use them with PARITY OF REASON.

Ques.—Why do the Ladies require them?

Ans.—Because they do not contain Calomel or Mercurial Poisons in any form; in proper doses they are perfectly safe in every condition of the system and are used by the most judicious of children in case of Worms, Colic, &c.

Ques.—Why do people who differ on other subjects unite in bestowing on them their encomiums?

Ans.—Because they are so simple, so safe, so effective, so cheap, and so easy to use, that they are the only medicine of the kind that can be used by the poor and the sick.

Ques.—Where can such valuable Pills be obtained?

Ans.—Enclose 25 cents in a letter, addressed to FRYE'S PILLS, 131 N. 2d St., New York, and you will receive a box containing 50 pills free of charge. The genuine have the Face similar to that of E. FRYE, on each box.
